

Exciting Partnership Announcement!

We are thrilled to introduce our partnership with K-12 Preparatory Academy, providing accredited classes designed to fit your unique learning needs! Students now have the flexibility to choose between self-paced or live online classes, with dedicated teacher support available daily through Microsoft Teams, chat, and email.

This partnership is ideal for:

- Students transitioning from public school
- Those working to meet graduation requirements
- College-bound learners preparing for higher education

Courses are offered on a per-credit-hour basis or for the full academic year, featuring a diverse range of options such as:

- Virtual reality (VR) courses
- Advanced Placement (AP) courses
- Spanish language classes
- NCAA-approved programs for student-athletes
- Career and technical education
- Adult high school programs for learners aged 19 and older

We're proud to offer this valuable resource to our families, providing enhanced flexibility and convenience to support your homeschooling journey.
